Part A
Declaration of Interference

An interference is declared between the above-identified parties.
35 U.S.C. § 135(a); 37 CFR § 41.203(b).
Details for the application, patent, count and claims designated as
corresponding or as not corresponding to the count appear in Parts E and F
of this DECLARATION.

Part B
Judge Managing the Interference

Senior Administrative Patent Judge Fred E. McKelvey has been
designated to manage the interference. 37 CFR § 41.104(a).

Part C
Standing Order

A Trial Division STANDING ORDER (3 Jan. 2006) (Paper 2)
accompanies this DECLARATION.
The STANDING ORDER applies to this interference, including the
provisions related to Electronic Filing. See ¶ 105, pages 17-20.

1 **Part D**
2 **Initial Conference Call and Motions Lists**
3

4 Conference Call

5 A conference call to discuss the interference will be set only if Mather
6 can overcome the order to show cause (Paper 3) entered concurrently
7 herewith.

8
9 Motions Lists

10 Motions lists will be required only if Mather can overcome the order
11 to show cause (Paper 3) entered concurrently herewith.

12 If motions lists are ultimately required, each party shall serve a notice
13 stating the relief the party requests, *i.e.*, a motions list including motions the
14 party seeks authorization to file. 37 CFR § 41.120(a); STANDING ORDER
15 ¶ 204 (Paper 2, page 58).

16 The default procedure for filing and serving motions lists is that
17 motions lists are to be *filed* before being *served*.

18 By filing before service, one party will not have access to an
19 opponent's motions list prior to the filing of the party's motions list.

20 Nevertheless, the parties may mutually agree to discuss and serve
21 motions lists at any time prior to the date and time motions lists are due.

22 The following shall be included in motions lists.

23 (1) Proposed motion for benefit (*i.e.*, to be accorded an
24 earlier constructive reduction to practice) must identify the application(s) for
25 which benefit will be sought.

1 (2) Proposed motion to attack benefit must identify the
2 application(s) to be attacked.

3 (3) Proposed motion seeking judgment against an opponent
4 based on alleged unpatentability must identify the statutory basis for the
5 alleged unpatentability and:

6 (a) if based on prior art, identify the prior art;
7 (b) if based on the first paragraph of 35 U.S.C. § 112,
8 (i) identify whether written description, enablement or best mode will be the
9 basis for the motion, and (ii) briefly identify the basis for any alleged
10 unpatentability;

11 (c) if based on an alleged failure to comply with
12 35 U.S.C. § 135(b), briefly identify the reason;

13 (d) if based on the second paragraph of 35 U.S.C.
14 § 112, identify the limitation which is believed to be indefinite.

15 (4) Proposed motion based on no interference-in-fact shall
16 briefly identify the reason no interference-in-fact is believed to exist.

17 (5) Proposed motion to designate additional claims as
18 corresponding to a count or as not corresponding to a count shall identify the
19 claims involved.

20 (6) Proposed motion to add or substitute a new count shall
21 explain why the added or substitute count is necessary.

22 A motions list shall not contain any "reservation clause" whereby a
23 party purports to reserve a right to file additional motions. Additional
24 motions are those authorized by the Board consistent with the rules.

25 A sample schedule for taking action during the motions phase of the
26 interference appears as Form 2 (page 69) of the STANDING ORDER.

1 Counsel are encouraged to discuss the schedule prior to the
2 conference and agree to on times for taking action generally consistent with
3 the sample schedule.

4 A typical motions phase last about eight (8) months.

5 The parties should be prepared at the conference to justify any request
6 for shorter or longer time periods.

4 Form 4 (page 71).

5 Use of form 4 will expedite processing of any request.

12 **Part I**
13 **Required Paragraph of Affidavits and Declarations**
14
15

16 The Board has experienced cases in which a witness has belatedly
17 advanced reasons why the witness would be unable to appear for cross
18 examination at a reasonable time and place in the United States.

19 Consequently, to prevent surprise and hardship to the party relying on
20 the testimony of a witness, the following paragraph must be included on the
21 signature page of all affidavits (including declarations) filed in this case.

22 STANDING ORDER ¶ 157.2 (Paper 2, pages 52-53).

23
24 In signing affidavit (declaration), I understand that the affidavit
25 (declaration) will be filed as evidence in a contested case before
26 the Board of Patent Appeals and Interferences of the United
27 States Patent and Trademark Office. I also acknowledge that I
28 may be subject to cross examination in the case and that cross

1 examination will take place within the United States. If cross
2 examination is required of me, I will appear for cross
3 examination within the United States during the time allotted
4 for cross examination.
